

Cruise Medication Checklist

The Ultimate Guide for Staying Healthy & Prepared at Sea

Welcome to Your Cruise Medication Packing Guide

Preparing your medications before a cruise is one of the most important parts of travel planning. Being organized helps ensure you have what you need throughout your voyage, whether you are sailing for a few days or taking an extended cruise.

This checklist helps travelers organize prescription medications, over-the-counter items, wellness supplies, and travel health essentials before departure.

Before Your Cruise: Medication Planning

- ☐ Review all medications you currently take
