Dear Traveler,

As the year begins to take shape, I hope this letter finds you well and looking forward to the journeys ahead. At Viking, we are honored to be named #1 for Oceans and #1 for Rivers—for the fifth consecutive year—in the 2025 *Condé Nast Traveler* Readers' Choice Awards.

I am pleased to introduce Viking's 2027–2028 World Cruise Collection—a portfolio of extraordinary ocean voyages created for travelers who dream of experiencing the world at its fullest. These once-in-a-lifetime journeys span the globe's oceans and continents, offering deeper insight, more time in port and a sense of discovery only a world cruise can provide.

Each ocean voyage in our 2027–2028 World Cruise Collection features ports in Australia, Asia, Africa and Europe, with multiple overnights in iconic cities such as Sydney, Singapore, Cape Town and Casablanca, giving you more time to immerse yourself in each destination.

Depending on your chosen itinerary, you may start in Ft. Lauderdale, sailing the Caribbean Sea, visiting ports in North and South America, and traversing the Panama Canal. If your journey ends in Stockholm, enjoy visits to Northern Europe and the Baltic Sea, with calls to Edinburgh and Copenhagen and added time to explore cities such as Bergen, Oslo and Stockholm.

Our 2027–2028 World Cruise Collection includes:

- *Viking World Voyage III* – Ft. Lauderdale to Stockholm, 170 days
- *Viking World Cruise* – Ft. Lauderdale to London, 142 days
- *Viking World Voyage IV* – Los Angeles to Stockholm, 153 days
- *Viking World Discoveries* – Los Angeles to London, 125 days

Or consider our Longitudinal World Cruise itineraries:

- *Arctic to Antarctic Explorer* – An 81-day voyage from Nuuk to Ushuaia, traveling from the Canadian High Arctic to the “White Continent,” with a range of distinctive destinations in between.
- *Longitudinal World Cruise VII* – A 63-day journey from Buenos Aires to Milwaukee, combining the Great Lakes with polar exploration in one remarkable itinerary.

Our small ocean ships are purpose-built for exploration, with elegant Scandinavian design, light-filled spaces and every comfort thoughtfully considered. On board, you will find the familiar calm that makes Viking a home away from home, while each itinerary brings you closer to the world's most captivating cultures and landscapes.

World Cruise guests enjoy exceptional early-booking benefits, including complimentary Business Class airfare, transfers, up to \$2,000 per person in shore excursion credit, and \$1,000 per person in shipboard credit. Returning Viking guests receive an additional \$1,000 per person in shipboard credit. Combined with Viking Inclusive Value—free Wi-Fi, complimentary access to the Nordic Spa, and an included shore excursion in every port—the total value can reach up to \$70,000 per couple.

Thank you for your interest in Viking. We look forward to welcoming you on board for a truly extraordinary voyage.

OUR WORLD CRUISE COLLECTION

Exploring the World in Comfort®

While every Viking journey is created to be a meaningful experience that is focused on the destination, it is our World Cruise Collection that provides the extraordinary opportunity to explore more of the world during a single itinerary. These once-in-a-lifetime voyages offer the same discovery and enrichment for which Viking is known — on a larger scale.

Viking's world cruise itineraries range from 63 to 170 days. Our more traditional ocean world cruise itinerary traverses the globe, visiting up to 39 countries on six continents. For 2027–2028, we have four world cruise itineraries from which to choose. Whether you embark in Ft. Lauderdale or Los Angeles and disembark in London or Stockholm, your selected itinerary allows you to experience diverse cultures and breathtaking landscapes throughout. No matter which one you choose, our signature cultural immersion, destination insights and great value place the entire world within reach.

IN-DEPTH EXPLORATION. Visiting a wide range of destinations on one seamless journey, these extensive voyages can also provide the gift of additional time. Not only does it allow you to absorb even more of the region's culture, but with a longer itinerary, you may take time to enjoy the amenities and enrichment on board your elegant Viking ship. Listen to Destination Performances from local musicians; attend enriching lectures from our Viking Resident Historians; and relax in our Nordic-inspired spa after your time ashore. And on an expedition voyage, you can learn more about the world's ecosystems by participating in onboard citizen science programs.

DISTINCTIVE ITINERARIES. The ocean world cruise itineraries visit a combination of the world's most iconic cities, idyllic islands and charming smaller ports while also calling on a number of lesser-visited destinations. As you sail, you will take in the grandeur of beautiful coastlines, explore new cultures, sample diverse cuisine and enjoy meaningful encounters with real people, gaining insight into their daily lives.

With our expedition world cruise offerings, you will experience a voyage of discovery like no other. From Greenland's rugged shores and the northern wilderness of the Great Lakes to Patagonia, the Chilean fjords and Antarctica, our expedition ships are designed to explore these stunning destinations. Along the way, you will participate in a range of excursions—from kayaking and nature hikes to Zodiac adventures and scenic sailing in Special Operations Boats. On board, worldclass lectures and hands-on research in The Science Lab further discovery and immersion.

ECONOMIES OF SCALE. With our world cruise programs, not only are you able to immerse yourself in world culture over an extended period of time, but these itineraries are also more economical because you pay for just one roundtrip flight, therefore allowing you to maximize your time with Viking, rather than in transit. And as with every Viking voyage, our cruise fare includes everything you need — and nothing you do not.

SHIPS DESIGNED FOR EXPLORATION

Elegant vessels that bring you closer to your destination

At Viking, we build innovative ships that are the right size for the experience—with a signature Scandinavian design that never upstages the destination.

ALL-VERANDA OCEAN SHIPS that host fewer than 1,000 guests, with the ability to dock in the world’s greatest cities, as well as seldom visited small ports that are out of reach for mega-liners.

SPEND MORE TIME IN PORT, with overnight stays in many ports you will have ample time to immerse yourself in each destination.

TAKE IN YOUR SURROUNDINGS. With a private veranda in every stateroom, an Infinity Pool at the stern and abundant options for al fresco dining, each day brings new opportunities for stunning views of your destination.

POLAR CLASS EXPEDITION VESSELS that are made for comfortable exploration—with just 378 guests, they are small enough to navigate the Great Lakes, inland canals and the polar regions, while large enough to provide superior handling and stability in rougher waters.

UNDERSTATED ELEGANCE

Modern ships designed for comfort and discovery

Created by interior architects who have designed some of the world's finest hotels, the signature Scandinavian design of our ships celebrates our Nordic heritage: clean lines, colorful woven textiles and light woods that evoke the original Viking explorers' connection to the natural world. Public spaces are light-filled, airy and quiet; staterooms feature thoughtful amenities, including heated bathroom floors, anti-fog mirrors and luxury bed linens; and throughout each ship you will find great attention to detail in leather handrails, original Nordic artwork and libraries stocked with books curated by London bookshop Heywood Hill.

THE FLAVORS OF YOUR DESTINATION

Experiencing a culture through its food and wine

A GREAT JOY OF TRAVEL lies in sampling the fresh fare and culinary traditions for which a place is known. Locally sourced ingredients — such as Norwegian salmon, Dutch gouda and Spanish *jamón* — inspire our highly trained chefs to create authentic regional dishes on every itinerary. And our thoughtful wine list enhances your meal, with handpicked selections and onboard tastings that showcase an area's quintessential varietals.

DINING ON A VIKING SHIP, you will find the ideal setting for impeccable service and casual elegance. Experience multiple dining options, from Mamsen's Norwegian Deli and the open kitchens of the World Café — to Manfredi's Italian trattoria and 24-hour room service. Across our fleet, we offer abundant al fresco dining options, so you always have the option to enjoy a meal or a glass of wine while completely surrounded by the scenery.

A PERFECT PAIRING. While we always offer complimentary beer and wine at lunch and dinner, our Silver Spirits Beverage Package provides unlimited beverages at all onboard venues anytime throughout the duration of your voyage. Included in the World Cruise fares, the package includes our house champagne, wine and beer, plus select premium wine, cocktails, aperitifs, a selection of upgraded whiskeys and more.

WHY VIKING IS A BETTER VALUE

How do we do it?

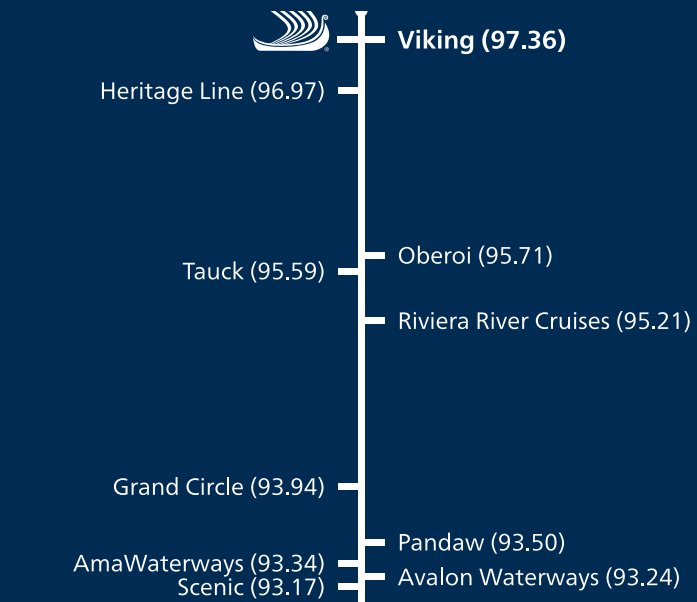

- With a 100% small ship fleet, Viking is the largest luxury cruise line*. This means we have considerable economies of scale in the building of vessels and the purchasing of goods and services for ongoing operations.
- Our award-winning fleet of identical sister ships is designed to be space- and energy-efficient, without onboard features like casinos and children's areas. This creative design maximizes space for guest rooms and reduces overall fuel costs. Therefore, we are able to pass the benefit on to our guests, in the form of lower prices.

CREW CONVERSATION: WORLD CRUISE Q&A

Learn about what makes a World Cruise so memorable

We catch up with Bruce Allen Scudder, Cruise Director, and Ronald Schweighardt, Hotel General Manager, as they share personal insights from a Viking World Cruise.

Q: How many World Cruises have you done?

Ronald: This is my first one.

Bruce: This is my 20th World Cruise.

Q: What makes a World Cruise experience special?

Bruce: It's not just about the destinations; it's the journey. We offer incredible enrichment speakers and programming, which are important for our guests.

Ronald: Our guests are entertained from morning to evening with activities, guest speakers, cooking and baking classes, and more. They can choose to be busy or relax.

Q: How does a World Cruise foster a sense of family?

Bruce: A World Cruise is a longer journey where guests and crew live, work and share experiences together. We celebrate special occasions and create bonds, like a family.

Ronald: We've witnessed beautiful moments like renewal of vows and anniversaries. Being part of such experiences is a privilege.

Q: Is a World Cruise more than a vacation?

Bruce: Absolutely. It's a lifestyle choice, where guests choose to spend their winters. Most of our guests are repeat travelers who enjoy the continuous exploration and growth.

Ronald: 93% of our guests on this World Cruise are repeat Viking travelers. They appreciate the opportunity to revisit destinations, learn new things and enjoy the experience.

Q: What makes certain ports memorable?

Bruce: Sailing into Sydney is one of the most spectacular experiences, with the Opera House and bridge. Also, transiting through the Panama Canal offers unique and fascinating moments.

Ronald: Sydney is breathtaking. Every visit to a destination reveals new things to discover, even if you've been there before.

Q: How does the culinary team enhance a World Cruise experience?

Bruce: Pleasing the palates of so many guests is a remarkable feat. Special events, like the cheese fondue station and tomahawk steak night, make the journey even more memorable.

Ronald: Our culinary department does an outstanding job creating diverse menus and enhancing events. Their creativity adds to the overall experience.

LEFT: EASY EMBARKATION OF A SPECIAL OPERATIONS BOAT IN THE HANGAR; RIGHT: CHAIRMAN AND CEO TORSTEIN HAGEN IN THE SCIENCE LAB

THE HANGAR & THE SCIENCE LAB

A unique in-ship marina and working scientific laboratory

AN INDUSTRY FIRST, THE HANGAR BRINGS TRUE COMFORT TO EXPEDITIONS. This enclosed, in-ship marina permits the launch of small excursion craft through the ship's shell doors. The Hangar's most innovative feature is the slipway that allows guests of most abilities to embark on Special Operations Boats shielded from wind and waves from a stable surface inside the ship, and once on board, to glide into the water. On return, guests enter via The Hangar in their Special Operations Boat before disembarking. Guests can observe The Hangar from the windows above, witnessing small boat launches, maintenance and biosecurity protocols. There are also FerryBoxes, instruments continuously collecting and displaying data on water quality, oxygen content, plankton composition and more.

A WORKING SCIENCE LAB. Developed in consultation with Cambridge University and other academic partners, it supports a range of research activities and is equipped with wet and dry laboratory capabilities, a sample-processing area, fume cupboard, freezer/cool storage, comprehensive microscope optics and space for analysis-specific instruments. Guests receive supervised laboratory access to learn from and participate with scientists undertaking primary research, an experience unique to Viking. Field samples collected during excursions, optional submarine dives and landings are analyzed, interpreted and discussed with guests, providing stimulating engagement and unique insight into how data is collected in remote locations to inform global conservation decisions.

LEFT: THE AULA WITH SHADES RETRACTED; RIGHT: THE AULA WITH SHADES LOWERED THAT DEPICT EDVARD MUNCH'S WORKS

THE AULA

An industry-first enrichment venue with 270° views

SETTING A NEW STANDARD, Viking has created the world's most advanced venue for learning at sea. The Aula, a stunning panoramic auditorium, was inspired by the University of Oslo's famed Aula ceremonial hall, which used to be the venue for the Nobel Peace Prize ceremony. This unique space on our expedition ships features a 4K laser-projected panoramic screen spanning nearly the entire width of the room, and is used for lectures, daily briefings, science presentations and films. Tiered seating ensures optimal views from every location, and plentiful Marius-weave blankets provide comfort. When closed, the onboard auditorium's window shades depict replicas of Edvard Munch's famous works of art that are on display in the namesake hall, including *History*, *The Sun* and *Alma Mater*. But The Aula is so much more, because the panoramic screen retracts, cantilevering up into the ceiling and exposing a wall of windows.

A 270° VIEW SURROUNDS GUESTS IN THIS INCREDIBLE VENUE. With floor-to-ceiling glass on three sides of the auditorium, nature takes center stage. In addition, two large bottom windows slide open, providing access to the adjacent alfresco Finse Terrace and allowing guests to enjoy the unique indoor-outdoor experience, immersed in nature. Envision a Viking Resident Scientist lecturing on cephalopods while guests catch a glimpse of breaching humpbacks; or relaxing on the heated seats by the lava rock "firepits" on the Finse Terrace with a Viking ornithologist. Lectures can even be presented with the windows unencumbered by the panoramic screen — with a smaller, pop-up screen.
