Home to the Caribbean's First Advanced Autism-Friendly Kids Camps

Beaches has partnered with the International Board of Credentialing and Continuing Education Standards (IBCCES), a global leader in online training and certification programs, to establish the first Advanced Certified Autism Centers in the Caribbean.

Beaches is the first resort company in the world to complete the rigorous IBCCES training and Autism Certification. We are proud to offer families with children who have autism and other special needs specialized service, engaging activities, and custom dining options – so that all families can enjoy the best of the Caribbean, all included.

SIGHT

Turks and Caicos

Welcome to Beaches Turks and Caicos, where your whole crew has more ways to tap into the island's natural vibe than at any other all-inclusive resort. Explore the different villages, each with its own unique charm and character. Take a stroll on our 12-mile beach or set out on a half-day snorkel trip, complete with a boatside waterslide. Speaking of slides, we've got plenty more at our water park.

Here, there's something for everyone. Kids can meet their favorite Sesame Street® characters, while adults unwind with a visit to the spa — frozen cocktail in hand. You can try paddleboarding at sunrise if you're feeling adventurous, or recharging by the firepit with a quick nap. No matter what you do, every moment is made to bring joy. With over a dozen restaurants, along with ample land and water sports, live shows, and more, the hardest part of your trip will be getting everyone to agree on what to do next. Our advice? Try it all.

At Beaches Turks and Caicos, every moment comes with a reason to smile. Here, vacation is a way of life.

Beaches Amenities

The Beaches Buddy Service

Alongside our certified staff, Kids Camps, specialized Sesame Street® program, and Culinary Concierge, we offer an optional one-on-one Beaches Buddy service, providing personalized, private childcare with a buddy who is autism-certified and can be pre-booked for a nominal fee. Our one-on-one Beaches Buddy can be with your child for your entire stay or just for a few hours, including during Kids Camp and after-hours in a sensory-friendly location of your choice.

Certified Kids Camps

Our Kids Camps are Advanced Certified Autism Centers that ensure team members have the necessary knowledge, skills, temperament, and expertise to cater to all children and offer age-specific programs for infants, toddlers, pre-teens, and teens.

Pre-Travel Questionnaire

Beaches Resorts uses a pre-travel questionnaire to gather information about a child's specific needs and preferences. This allows staff to become familiar with the child's requirements and prepare a tailored experience that is both comfortable and supportive. Families receive this document before their stay and submit it to the resort's Special Services team.

The Caribbean Adventure With Sesame Street

Our exclusive partnership with Sesame Street® makes Beaches the only Caribbean resorts where kids can play with their favorite fuzzy friends, including Julia – a sweet, curious 4-year-old on the autism spectrum. At Camp Sesame, children can participate in fun-filled activities like the Rock 'N Roll Dance Party with Elmo, Baking with Cookie Monster, Puppet Making with Bert & Ernie, Amazing Art with Julia, and so much more! To take the fun even further, our Sesame Street® VIP Upgrade Packages are sure to make your child's vacation extra special.

Culinary Concierge

Beaches offers a wide variety of distinct global-inspired restaurants per resort and a Culinary Concierge Desk that works directly with executive chefs, sous chefs, and restaurant managers to ensure an exceptional dining experience for your entire family. Our Culinary Concierge will guide you through all our restaurant offerings and help create custom menus that fit your family's special dietary needs – including allergy restrictions and gluten-free, vegetarian, and vegan options.

Island Routes Fast Track

Get VIP treatment by booking the Island Routes Fast Track before your trip. Upon arrival, a professional airport agent will welcome and escort you through immigration, customs, and security to make sure your arrival is quick and seamless. Upon departure, an airport agent will assist with check-in, security clearance, and getting your family to the departure gate – saving you time and a headache.

Certified Staff All the Time

Enjoy the best of the Caribbean on your family vacation, knowing that your child is always in good hands. Our child care staff continuously receives competency training in the following areas: sensory awareness, motor skills, autism overview, program development, social skills, communication, environment, emotional awareness, and bullying. That means you can be confident your child is supported by a team that understands their unique needs and is committed to creating a safe, nurturing, and inclusive space for everyone.

Beaches Autism Inclusion Week

The annual Autism All-Inclusive Week is a special event designed for families with children on the spectrum. Held in the Fall, it offers an inclusive and fun-filled week of activities. We understand the unique challenges that come with planning a vacation and have taken great care in developing events that will enhance your family's experience. With the help of a dedicated Beaches Buddy per family, guests can look forward to daily enrichment activities like arts and crafts featuring Sesame Street's Julia, morning yoga, tableside chats with experts, and much more.

Resorts for Everyone

Arrival & Departure Lounges

Guests can enjoy a welcoming space upon arrival while waiting for their accommodations to be ready. For those departing with late checkouts, the departure lounge provides a relaxing environment with amenities such as internet access, light snacks, and showers.

ARRIVAL & DEPARTURE LOUNGES	TOUCH	TASTE	SOUND	SMELL	SIGHT
Italian Village Arrival + Departure Lounge	3	1	5	1	5
Main Departure	3	1	2	1	3

Weekly Events

Beaches delivers an exciting lineup of weekly events for families to experience. The best way to get the most current schedule is to check the resort's entertainment calendar upon arrival or contact the resort directly.

EVENTS	TOUCH	TASTE	SOUND	SMELL	SIGHT
Sesame Breakfast	8	8	9	7	9
Character Parade	5	2	9	7	9
Beach Party	6	4	8	4	8
Entertainment Stage	6	2	9	4	9

Quiet Areas

While Beaches Turks and Caicos is full of high-energy spaces designed for fun and excitement, we understand how important it is to have places where things slow down, as well. Sometimes a peaceful moment is just what's needed. Throughout the resort, you'll find thoughtfully chosen low-sensory zones that offer a break from all the action. These quiet areas are ideal for guests who need a moment to reset, take a breather, or simply enjoy the beauty of the surroundings without any extra noise.

Comfortable shaded seating nooks, breezy garden paths, and secluded quiet provide a soothing atmosphere where families can relax together, away from the lively energy of the resort. If your child needs a sensory break or your family simply wants a moment to decompress, these spaces grant a welcome pause in the day. They're a part of our commitment to making every moment at Beaches feel safe, inclusive, and attuned to the needs of all guests.

Restaurants & Bars

With over 20 dining options across the resort, Beaches Turks and Caicos serves a wide variety of flavors, settings, and sensory experiences. Each restaurant has its own atmosphere – lively buffet-style meals, quiet beachfront dinners, and everything in between. This guide is here to help you find the ones that best suit your family’s sensory needs, and these ratings are designed to help you quickly identify which dining spaces may feel more comfortable or manageable for your child.

Activities & Pools

Beaches Turks and Caicos is packed with many exciting things to do, like splash zones, water slides, different sports, game lounges, and more. But with so much going on, sensory experiences can vary widely, depending on the location, time of day, and type of activity. Some pools may have louder music and more movement, while others come with a calmer, more relaxed atmosphere. Certain activities might involve strong smells, bright visuals, or lots of physical interactions – others not so much. There are plenty of activities that keep things cool, calm, and collected. The goal is to make it easier to choose experiences that feel right for your child. With this guide, you can explore the resort in a way that leaves you confident and supports overall comfort for your entire family.
